

## SALTO ACCESS CONTROL SAY GOODBYE TO MECHANICAL KEYS WHEN HIGH SECURITY IS TOP PRIORITY

Since 2001 SALTO has been delivering the most technologically advanced electronic access control solutions in the market – wire free and keyless. By creating the data-on-card based SALTO Virtual Network (SVN), SALTO has revolutionized access control around the world and set new standards in security, comfort and cost-effectiveness which will remain future proof.

- SALTO Advanced panic bar solutions enable emergency exit doors equipped with panic bars to be controlled with an innovative stand-alone electronic locking system.
- The electronic XS4 locker lock offers protection against theft to a wide range of lockers, cupboards, display cabinets, boxes, etc. by integrating it into the SALTO wire-free electronic access solution.
- Access control requires a good, reliable door locking system. SALTO offers a wide range of mortise locks in order to ensure that the door is correctly locked. Whether you need ANSI mortise locks, Euro locks for wooden doors or narrow profiles, DIN locks, cylindrical cartridge latches or automatic locks with privacy and panic functions, SALTO has the locking system you need. Our complete range of mortise locks enable you to install SALTO electronic escutcheons and cylinders correctly without compromising security.
- OPTIONS FOR EVERY NEED: Contactless key fobs, Contactless key bracelets, Contactless bracelets, Contactless cards.
